Board of Selectmen
Town of Greenwood, Maine

We have audited the general purpose financial statements of the Town of Greenwood, Maine as of December 31, 1992 and for the year then ended. These general purpose financial statements are the responsibility of the management of the Town of Greenwood, Maine. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, except for the effects on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects the financial position of the various funds and account groups of the Town of Greenwood, Maine at December 31, 1992 and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

The accompanying supplemental schedules are not necessary for a fair presentation of the financial statements, but are presented as additional supplementary data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

EXHIBIT C - CONCLUDED

TOWN OF GREENWOOD
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units, except that the Town does not record the general fixed assets group of accounts and uses the net budget method of budgeting and accounting.

A. Basis of Presentation:

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds:

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund is paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Fiduciary Funds:

Fiduciary and reserve funds have been placed in savings accounts to be used for specific expenditures.

"Memorandum Only" Total Columns:

Included on the combined financial statements are total columns captioned "Memorandum Only" to indicate that they are presented only for informational purposes. Adjustments to eliminate interfund transactions have not been recorded in arriving at such amounts and the memorandum totals are not intended to fairly present the financial position or results of operations of the Town, taken as a whole.

Additionally, the 1991 totals presented in the "Memorandum Only" columns are included to provide a summarized comparison with comparable 1992 amounts and are not intended to present all information necessary for a fair presentation of financial position and results of operations in accordance with generally accepted accounting principles.

TOWN OF GREENWOOD
NOTES TO FINANCIAL STATEMENTS

B. Basis of Accounting:

The modified accrual basis of accounting is followed by the Governmental funds. Under the modified accrual basis of accounting, revenues are recorded when received in cash except for property tax revenues which are recorded as deferred tax revenues unless collectible within sixty days following the year end. Expenditures, other than interest on long term debt, are recorded when the liability is incurred.

C. General Fixed Assets:

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

NOTE 2 - PROPERTY TAX:

The Town's property tax for the current year was levied October 30, 1992 on the assessed value listed as of April 1, 1992 for all real and personal property located in the Town. Taxes were due December 10, 1992 with interest at the rate of 10% per year or part thereof unpaid on or before December 31, 1992.

NOTE 3 - CASH AND INVESTMENTS:

The Town's deposits at year end were in institutions which provide Federal Depository Insurance. Maine statutes authorize the Town to invest funds in savings banks, trust companies, and national banks. Funds can also be invested with State or Federal building and loan or savings and loan associations with credit unions. Uninsured deposits at December 31, 1992 were \$220,347.

TOWN OF GREENWOOD
